Alta Baker  
President/ CEO  
Safe Haven Enterprises LLC  
Jennings, La 70546

Dear Alta,

BP West Coast Products LLC would like to recognize and thank Safe Haven Enterprises LLC for the valuable support in supplying compliant Blast Resistant Modules for our 2009 FCC Turnaround event.

BP chose Safe Haven because of their attention to quality and cost while maintaining strict adherence to BP's design specifications. Success of the 2009 Turnaround could not have been accomplished without Safe Haven's commitment and support to "Go the Extra Mile."

We value the *excellent* service and support that you have provided to BP, and will continue to recommend and invite Safe Haven to participate in any future considerations for Blast Resistant Modules.

Best regards,

*Jeff Ponce*
